 CYPRESS POLICE
 PROTECT AND
 SERVE MORE
 EFFECTIVELY**

Cypress Police Foundation

The Cypress Police Foundation was established in 2010 as an independent, non-profit 501(c)(3) corporation dedicated to strengthening the Cypress Police Department in promoting public safety within the city of Cypress.

The Foundation partners with citizens, businesses and philanthropic organizations to provide resources to the Cypress Police Department to enhance the Department's ability to serve at its highest level in improving public safety, decreasing crime, and making Cypress a safer place to live, work and visit.

We particularly believe that our officers should have the resources available to proactively address all issues related to the protection of persons and property, interdiction of crime, and the free flow of commerce. We believe these resources should be available within the walls of the Cypress Police Department.

The Cypress Police Foundation wants to see our officers with the best equipment, best training, and best practices which include community outreach, continuous improvement and implementation of lean principles.

"We desire our Police Department to be on the cutting edge in all areas."

The Cypress business community relies on an effective public safety sector in order to provide safe and reliable movement of goods and services within the market place. Residents rely on this same sector to provide accurate and timely intervention to deter criminal activity so that Cypress continues to be one of the best and safest places for families in Southern California to live, work, and play.

Programs

The types of programs funded are wide in scope. The specific focus is to provide the resources to pilot innovative programs, projects, and activities of the Cypress Police Department that improve public safety, decrease crime, and make Cypress safer.

Programs, projects, and activities considered, include, but are not limited to:

1. Procurement of specialized equipment;
2. Pilot Community programs;
3. Youth focused activities/programs;
4. Advanced education and training

Help Support The Cypress Police Department

The Cypress Police Department is among the finest and most dedicated law enforcement agencies in Southern California. Our Police Department operates on a fixed budget based on the tax dollars that can be allocated to community law enforcement. The flexibility of those budgets has decreased in recent years. The Police Department has not been immune from the effects of this lack of flexibility.

It is through the generous contributions of corporations, businesses, civic organizations, and individuals that the Foundation will be able to invest resources into specific police programs with potential for maximizing efficiency while also enhancing effectiveness.

Your tax deductible contribution to the Cypress Police Foundation will be used to fund grants for innovative programs, projects, and activities of the Cypress Police Department.
